Thesis Title	Synonymy in Hebrew Language		
Year	1999 AD—1420 AH		
Abstract	<p>Synonymy is one of the common linguistic features in the Hebrew language, and other languages .it is not the product of certain period of any language and belong to cert time or place .at any rate, Hebrew language differs from other language being developed two main classical languages before reviving it in the modern time : Biblical Hebrew and Mishnaic Hebrew.</p> <p>Therefore these two periods , in addition to other periods, invented many synonymies included different aspects life, to the degree that the contemporary speaker of Hebrew i perplexed in choosing the proper words in his speech or write this perplexity is not limited to the ordinary speaker, but also the linguists who had differed opinions concerning this phenomenon, apart from the increasing European effects upon modern Hebrew which complicated this problem more and more.</p>
