Abstract	<p>The " linguistic concordance " between languages and one of the important issues that have sought to recent studies testing in the fields of learning and linguistic knowledge , especially in facilitating student learning other languages besides the mother tongue . The juxtaposition of linguistic research has achieved many positive results , was to solve problems and simplify the difficulties faced by learners in learning the new language , so when the student depends on the scientific description of the language studied as compared to the similar language learner mother</p>
